The International School of Hospitality Launches Summer Hospitality Programs

Las Vegas, April 23, 2010 – The International School of Hospitality (TISOH) today announced that for this summer, three of the school’s most popular hospitality certificate programs in Conference Management & Event Planning, Wedding Coordination & Design and Hotel Operations will be available in FASTtrack form allowing students to complete the program in a five- week period at the school’s Las Vegas campus. This will be the first time the Wedding Coordination & Design program has been offered in this format. FASTtrack programs are identical to the school’s regular certificate programs and fulfill all academic requirements with classes that meet daily for five calendar weeks.

“These short term programs allow students from all over the world to learn from industry experts and experience hospitality in Las Vegas, the hospitality capital of the world” said Timothy Lam, the Executive Director of the school. “Out of towners might consider it a summer camp for professional development.” All programs begin the week of July 12. Classes meet every weekday morning from 9am to noon with many afternoons spent touring venues that tie-in with classroom learning. Discounted housing options are available to participants.

TISOH also recently announced the schedules for the summer semester that begins the week of May 17 and continues for three to six months. Courses are taught in the evening to best accommodate working schedules. Courses will include: Conference Management & Event Planning, Wedding Coordination & Design, The Art of Concierge, Event Design & Production, Art of Food & Beverage, Hospitality Human Resources, Meetings & Event Catering, and Hospitality Leadership & Supervision.

The TISOH campus is conveniently located close to the famed Las Vegas Strip and McCarran International Airport at 3614 E. Sunset Road, Suite 110.

Separately, all TISOH programs are available online with rolling admissions. Online programs at TISOH are self-paced, feature audio/visual PowerPoint presentations with one-to-one instruction. Students can start whenever enrollment procedures are complete.
